**Fig Syrup**  
Gladness Comes  
With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.  
If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

**Doesn't take Much Money for Groceries at BARREDA'S,**

**POSTAL TREATY WITH MEXICO**  
An Order Expediting Mail Across the Border.  
San Antonio Express.

During a recent trip to Mexico, Superintendent O. L. Teachout of the railway mail service for this district, effected a treaty with the Mexican officials regarding the postal service between the two countries, which will prove of immense benefit to the business of the United States.  
The dispatching of mails into Mexico has been far from satisfactory for some time, owing to the fact that they were held at the border for twenty four hours for purposes of inspection and making assessments on dutiable matter. Also the manner in which mail was sent from that country to this, the Mexican postal officials have been sending all mail regardless of territory in one pouch, saying it to the postal clerks of this country to make the paper distribution.  
The great bulk of the mail matter sent to Mexico goes through Nuevo Laredo, and is handled at that postoffice. In order to partly expedite the delivery of mail matter to Mexico points the clerks on the Laredo run have been making separate pouches to the different important cities, throwing packages that may contain dutiable matter in pouches thus marked, but this arrangement is not from satisfactory.

Prague City, which goes into effect next Monday, will do away all delays of mail except

car to the post-office. Under the new arrangement the mail will be delivered to the clerks at C. P. Diaz, and that for further destination will be sent through on the same train.  
The promises to be irrevocable, his undoubtedly in this matter, the fact being that all that is necessary to obtain all the pure water needed is to bore deep

**THE ALASKA BOUNDARY.**  
Hon. Charles W. Truitt, Executive of the Union.  
St. Wash., January 3.  
In discussing the Alaska boundary question, Hon. Warren Truitt, executive of the States Judge Alaska, having turned over his office to his successor, Hon. A. Blaney, said:  
"The unanimous opinion on the boundary question is that the line should stay where it is. The people do not want England's contention, and for it would take some of the best of Southwestern Alaska and control the Yukon trade. The people are opposed to any more of England's map-making and they don't want arbitration, for they consider there is nothing to arbitrate. They have seen enough arbitration in the Behring Sea controversy, in which England got all she desired. The line is where it has been conceded for years, but they recognize the contention."  
"The message of President Cleveland on the Venezuelan question is taken to have some bearing on the Alaskan boundary dispute. It is received with favor and there is no division with us on either case."  
"The Alaskan Indians, who are lovers of the stars and stripes, it being their custom to place the flag at half mast over their dead, are very much

marked, but this arrangement is not from satisfactory.
